PointCentral Enterprise-Grade Smart Home Technology Delivers Benefits
For Guests, Owners and You!

End Energy Abuse By Guests

When a door or window is left open for longer than a few minutes, the HVAC will shut off.

Stop Freezing Up A/C Units

For all your properties, limit the high/low settings and receive notifications if temperature exceeds thresholds.

Set Temps Based On Occupancy

Automatically sets thermostats to energy-saving mode upon departure and to comfortable level for arrival.

Control Humidity

Automatically adjust air conditioning when humidity levels exceed thresholds.

Identify HVAC Issues Early

Our predictive HVAC software will notify you when an HVAC unit is nearing failure or needs a filter replacement - saving significant costs.

Remotely Monitor "Opens"

You can easily and quickly see if any doors or windows have been left open in any of your properties.
