SMART HOME BENEFITS BY GOING

## KEYLESS

### Guest Check-In/Check-Out

Guests prefer the convenience of keyless since they can go directly to their property to start their vacation without having to wait in line for a key. And there's no need to return a key when leaving.

### Streamline Turn Days & Operations

Keyless increases staff productivity since cleaners, inspectors and maintenance teams don't need to pickup and return keys. And you will know real-time status of every property.

### Audit Trail

From your central dashboard, you will know who enters and leaves each property and when, thus greatly reducing your liability.
